## Gentle care for sensitive baby skin

All Bobini Baby hypoallergenic products are perfectly tailored to the **delicate** and **sensitive** skin of babies. The **natural ingredients** help to **sooth irritations** and **moisturize** the skin. Thus, they can be used daily without any problems. The care products have a particularly **mild formula**, **pH neutral for children's skin**, therefore the protective barrier is not violated.

The recipes have been enriched with precious ingredients known for their unique properties:

**Prebiotics** that protect the natural protective barrier of the skin.

**Emollients** moisturize and reduce loss of water through the skin.

**Natural lipids** strengthen the protective layer of the skin.

**Aloe Vera** soothes skin irritations while protecting it from water loss.

**Vitamin E** improves hydration and makes the skin soft and smooth.

**Almond oil** moisturizes and smoothes the skin.

**Oat extract** known for its soothing and moisturizing properties cares for sensitive skin.

**Sunflower oil** source of lipids, strengthens the lipid barrier of skin, softens and smooths.

**Shea butter** moisturizes the skin, it supports regeneration of irritated epidermis.

**Powerful & Reliable**

Kret is brand with many years of tradition on the Polish market, created in 1978. It derives from drain opener in granules, which were a pioneering product. Kret is valued for its effectiveness and is a synonym for the category of unblocking. The brand functions in many categories related to home cleanliness where effectiveness is a priority. On the German market Kret products are sold under the Mole brand.

Powerful & Reliable

**The series of drain openers consist of granules and gels, both universal and specialized.**

Latest recipes have been created to **remove difficult blockages** in the kitchen: **fat, kitchen waste** and in the bathroom: **hair, soap deposits, lime deposits**. The **drain opener granules** contain a unique **aluminum activator, which supports the effectiveness of the chafing process** - the used formula allows you to automatically remove the blockage.

**The advantage of gels** for refining is the ability to reach congestion by stagnant water and the effectiveness in eliminating them. Openers eliminate odors coming from drains, clean both drain traps and pipe walls.

Kret Drain Opener Duo Power Gel with the innovative **2-phase formula** works quickly and effectively. During application, the two liquids create a powerful cleaning foam that spreads by itself in the entire pipe and clears it from contaminants, soap and food debris, hair and fat.

## Hygienic cleanliness in your toilet

Kret toilet gels are powerful products that ensure perfect cleanliness of the toilet. Available in three product lines, they take into account the diverse needs of consumers.

**ANTI-LIMESCALE line** - strong formula removes 99.9% of bacteria and fungi, fights stubborn stone.

**WHITE&HYGIENE line** - whitens thanks to the power of chlorine, prevents limescale build-up.

**FRESH&CLEAN POWER line** - cleans and provides fresh fragrance, neutralizes malodor, removes limescale.

Kret toilet gels thanks to the 12xAction formula, they comprehensively care for the toilet, ensuring its hygienic cleanliness.

The water tank tabs Ocean Fresh with a descaling effect. **Innovative 2-in-1 formula combines active cleaning and intense fragrance with water coloring.**

PHASE 1 light part of the tab, removes limescale and prevents its redeposition, cleans, eliminates dirt and stains, works under the surface of the water.

PHASE 2 dark part of the tab, dyes water blue, freshens and effectively eliminates unpleasant odors, leaving the toilet spotlessly clean.

The active ingredients of tabs remove the stone and adhere to the surface of the toilet bowl, preventing it from settling dirt. Effectively cleans and protects the tank and toilet bowl against rust, scale and other sediments. The Ocean Fresh water tank tabs colors the water blue, giving your toilet an effect of maximum freshness and cleanliness.

## Environmentally friendly cleanliness

**Bio products line Kret** is dedicated to customers with septic tanks and home sewage treatment plants - it supports natural decomposition processes. **The line is based on active enzymes. Enzymes are 100% biological ingredients, fully biodegradable.** These are intelligent molecules that help remove dirt. They cut large particles into small pieces that can be easily removed. The Bio offer includes a wide range of products that support the operation of septic tanks and sewage treatment plants, as well as ensure cleanliness in the bathroom.

**Bio Activator** for septic tanks and home sewage treatment plants it is modern microbial product based on enzymes and bacteria, intended for the biodegradation of the contents of septic tanks and sedimentation tanks. Effective thanks to a high content of bacteria: up to 100 billion (the content of bacteria per dose achieved as a result of their multiplication).

**Bio gel drain opener** for bathrooms and kitchens is a product that clears pipes in an environmentally friendly way. Recipe based on enzyme – it effectively eliminates blockages by dissolving hair, soaps, fats, kitchen scraps, organic waste and lime deposits.

**Bio toilet gel** effectively cleans the bowl, urinals, bidets and sewage pipes at low temperatures.

**Bio toilet blocks** ensure active cleaning, prevents settling limescale, color the water blue, refreshes and eliminates unpleasant odors.

**All Bio products Kret support the operation of septic tanks and home sewage treatment plants.**
